

Year In Review: Planting Future Impact

At commencement 2023 I spoke of transformational learning, rooted in biblical truth. Our strongest and greatest desires are to see our students transformed though their time here, and that transformation be rooted in biblical truth. We at Emmaus Bible College continue to work toward a strong future for the college, our students, and alumni. The following highlights a few of our many 2023 Fiscal Year accomplishments :

- Thanks to restricted project support from donors, nearly \$1 million was invested into multiple capital improvement projects around campus, including 30 new main building windows, updates to the library entrance and hallway, a refresh of Glock Auditorium, Pollard Fieldhouse updates, and needed electrical infrastructure upgrades.
- Administrative highlights include reaccreditation by the Higher Learning Commission and the launch of a new Strategic Plan.
- Global Campus enrollment in Spring 2023 was more than double 2022, and the full BS in Biblical Studies is now available online.

Please continue to pray with us for the college and the Lord's provisions, as we continue planting for the future, rooted in biblical truth.

Sincerely,
Philip Boom, President

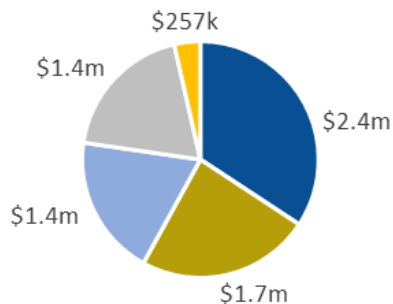

Class of 2023 Tree Planting

"It is such a huge blessing that I have the opportunity to get a degree in business admin. AND Bible!" – *Kate*

- Investments & other

Operation Expenses:
\$6,713,000

- Academic instruction & student services
- Management & facilities operations
- Auxiliary services & programs
- Technology & financial services
- Marketing & development

Donor Impact: Support for the Ministry

Donors like you are essential in supporting the college's programs and mission. Our students' own words demonstrate your immense impact!

"As an international student from India, I can attest to the significant impact of your donations toward making quality education accessible to students of all backgrounds." – *Stephen*

"The Lord has used Emmaus monumentally to transform me and refine me for His service. It is like drinking from a running faucet! I know that Emmaus would not be able to serve as well as they do it wasn't for the work that the Lord has done in you to help us." – *Talulah*

SECTOR OF EMPLOYMENT

Based on 2022 alumni survey responses

Student Impact: Josh & Kaitlin Matte

Ministry Leadership major Josh Matte and his new wife Kaitlin, an Elementary Education major, are Emmaus students from Windsor, Ontario.

During the summer Josh serves on the program staff at Living Waters Bible Camp, where he focuses primarily on discipleship. At Emmaus, his professors provide him examples of true discipleship. Josh says his Emmaus education "helps students understand the way, the truth, and the life."

After graduation in 2025 Josh and Kaitlin intend to pursue ministry and share the Gospel through evangelism.
